bupaglobal.com

International medical insurance for the globally minded

Bupa Global is the international division of the Bupa Group – a healthcare company with over 70 years' medical experience and a range of facilities that include care homes, hospitals, primary care centres and dental clinics.

At Bupa Global, we're giving globally minded customers access to appropriate medical care and exceptional coverage – whether at home or away. Our range of global health plans are designed for those wanting the highest level of cover available within Bupa and access to some of the best healthcare anywhere in the world, within your area of cover.

Our comprehensive range of health plans include a renowned level of service available in many languages, and access to thousands of medical facilities and experts worldwide. Offering a range of benefits for body and mind, that go beyond insuring you in case of emergency. Our plans are designed to help keep you in the best of health.

We support customers worldwide through access to over 1.9 million medical providers (inc. U.S.).

Our purpose is very simple: helping people live longer, healthier, happier lives and making a better world.

Product overview

Whether at home or away, a global health insurance plan can give you and your family access to the right support, from the right people at the right time.

Bupa Global Lifeline puts you in control of your health. Rather than restricting your cover to just one country, it allows you to use healthcare facilities around the world and speak to medical experts any time of the day or night.

Best of all, with three levels of cover to choose from, it's easy to understand, simple to set up and flexible enough to suit most circumstances and budgets.

Essential

This level concentrates on covering you for in-patient hospital stays. You have the security that you'll be covered for treatment you may receive as an in-patient or as a day-case patient.

Classic

A more comprehensive level of cover that pays for routine hospital bills, out-patient consultations, diagnostic tests and treatments such as physiotherapy, accident-related dental and a range of preventive health checks.

Gold

Our highest level of cover that takes care of most in-patient and out-patient costs, including family doctor treatments, prescription medications, physiotherapy and accident-related dental treatment – plus a range of four preventive health checks.

Please note: This table provides a high-level summary only about the types of cover provided. Full details of the benefits, limitations and exclusions can be found on bupaglobal.com or in the membership guide. Please ask your sales adviser for further information.

Why us?

The Bupa Global difference

Over 50 years of medical expertise and dedication to health. A global team of advisers and health experts who, between them, speak multiple languages – and a service that exceeds expectations. These are just a few of the things that make us different.

Global network

Allowing access to a network of over 1.9 million medical providers (inc. U.S.), we give customers the flexibility to choose where and how they receive treatment. We settle directly with our network of providers, so you don't have to pay upfront for your treatment.

Confidence in your diagnosis

The solution to health problems isn't always black and white. That's why we offer you the opportunity to get another opinion from a leading medical expert. Second Medical Opinion is available to all customers looking for confidence and peace of mind in their medical diagnosis.

Access your account online

You can access our exclusive and secure website and mobile app MembersWorld whenever you need to. With it, you can submit and track progress of claims, submit pre-authorisation requests and get access to your membership card and insurance documents.

Pre-existing conditions

We don't believe past health issues should stop you enjoying your future. That's why many pre-existing conditions could be covered under our global health plans, subject to our General Exclusions and medical underwriting. An additional premium may apply.

Multilingual advisers

When it comes to healthcare, we know you want support from people who understand you and your needs. That's why we have a day and night multilingual team who are able to speak with you on the phone in many languages and can support you, wherever and whenever you need it.

Supporting mental health

We believe that mental health and wellbeing are just as important as physical health. To support this, both annual and monetary limits across our plans for in-patient and day-patient mental health treatment are the same as for physical health treatment. We also include cover for ADHD, addiction and self-inflicted injuries.

Talk to a doctor online, day and night

The Global Virtual Care service is available at no extra cost to all members via the MembersWorld app. Access to a team of international doctors by telephone or video call for same-day virtual appointments and receive up to three months' prescriptions for chronic conditions.
